

TX BoS CoC General Meeting

Minutes

December 13, 2017, 2:00 p.m.

Meeting held via webinar.

Attendance:

THN Staff and VISTA Members

Caitlin Bayer- Balance of State Programs Coordinator

Kraig Blaize-Fiero- CoC Program Assistance

Jesús DeLeon-Serratos- HMIS Program Manager

Tiffany Hart- Systems Change Coordinator

Mary Rychlik- CoC Manager

Jim Ward- TA and Performance Coordinator

CoC General Membership Attendees:

See attached attendance list.

Minutes:

Meeting began at 2:01 PM

I. Welcome, Introductions, and Map

- a. Mary introduced staff members on the line, and welcomed attendees to the meeting.

II. Using Adobe Connect meeting software

- a. Kraig provided a brief overview of using Adobe Connect, and advised attendees to shut off any programs that could be using bandwidth for the best Adobe Connect experience.

III. The CoC and Me

- a. Caitlin introduced this new segment of the meeting. The purpose of The CoC and Me is to encourage member participation by helping members understand how they are connected to the CoC, what their role is, and why they are important.
- b. The focus of this meeting's CoC and Me is "How I Fit In to the TX BoS CoC". The slides are attached to the meeting minutes.
- c. Caitlin challenged attendees to help someone sign up for the CoC mailing list in their communities that wanted to be more involved with the CoC.

IV. CoC Current Priority Projects

www.thn.org

TX BoS CoC General Meeting

- a. Point-In-Time (PIT) Count – January 25, 2018.
 - i. Point-in-time count preparations are in full swing! We have recently posted unsheltered count training materials and a Counting Us app "how to" on our website. Please make sure to check out the materials to help prepare for your volunteer trainings. We will also be recording and posting a sheltered count training video next week so please stay tuned. If you have any questions or concerns please reach out to kristin@thn.org.
 - ii. For those of you who received an email to take the Housing Inventory Count survey, please make sure to complete it by close of business on 12/18/17. The survey should take you around 2 minutes to complete. If you are having issues accessing the survey please email kristin@thn.org
- b. Coordinated Entry (CE)
 - i. Sept. 1 was the deadline to turn in finalized CE Policies & Procedures Tiffany worked with communities up until Nov. 30 to finalize their Policies & Procedures. However, at this time, only Abilene and Texarkana have CE Policies & Procedures Approved.
 - ii. Communities will not have access to CE training until their Policies & Procedures are completed and a training list is submitted to THN.
 - 1. The training list has 2 parts. 1) people who need HMIS access to do CE, 2) staff from agencies participating in CE that don't need HMIS access
 - 2. January 12 is the cut-off date for having finalized and approved documentation turned in.
 - iii. HMIS live site access to the CE Workflow will be granted on the 23rd, but only after all training requirements are completed. If you need to know what those requirements are, look at the implementation checklist in the CE section of the THN website, or email Tiffany Hart at tiffany@thn.org.
- c. HMIS
 - i. The Annual Homeless Assessment Report (AHAR) was submitted successfully on December 1st. The HMIS team is confident that all shells will be accepted. This will make the 2nd year in a row all shells have been completed and submitted.
 - ii. The HMIS Release of Information (ROI) training is open and **mandatory** for all HMIS users, as it is universally applicable. It changes the permissions on data access for clients and how we share information. To fully protect client's rights, it is important to make this a priority.
 - 1. Osnium users may be affected by the changes too. Please stand by for more information.
- d. Built for Zero Learning Collaborative

TX BoS CoC General Meeting

- i. Caitlin introduced an opportunity for communities to receive intense, hands-on Technical Assistance from Community Solutions, leaders of the 100,000 Homes Campaign and Zero: 2016.
 - ii. The goal of the Built for Zero Collaborative is to help communities end Veteran and Chronic Homelessness through quality By-Name Lists development, strong Coordinated Entry processes, and leadership.
 - iii. While Texas Homeless Network is covering the cost of the Technical Assistance, applicants are expected to pay for their own travel, lodging, and other accommodations.
 - iv. To become a part of the Built for Zero Learning Collaborative, submit an application to the TX BoS CoC by 01/09/2018. Selected communities will be notified by 1/12/18. Ability to participate in Built for Zero is dependent on if the TX BoS CoC is accepted by Community Solutions. Communities need not receive federal funding to apply.
 - v. If you have questions about participating, please contact Caitlin Bayer at caitlin@thn.org.
- e. Hurricane Harvey recovery
 - i. Eric Samuels and Sophia Checa have been participating in calls with other CoC s across the state to discuss recovery efforts.
 - ii. CDBG-DR is a special type of funding managed by the General Land Office to help communities recovering from Harvey. The planning group of Texas CoCs has made concrete recommendations about how to allocate funding to best serve people experiencing homelessness.
- f. HUD CoC Program competition
 - i. The TX BoS CoC's Consolidated Application was submitted successfully on 11/15/17. To view the priority ranking and the CoC application, visit the Continuum of Care Program page on the THN website. Caitlin demonstrated how to access the Priority Ranking.
 - ii. The TX BoS CoC submitted project applications for 19 renewal and 4 new housing projects.

V. Announcements

- a. Rural Supportive Housing Initiative
 - i. Technical Assistance providers CSH and Collaborative Solutions are seeking communities to host workshops on rural solutions for Coordinated Entry, landlord outreach, and housing-based case management
 - ii. Caitlin used a poll to assess member interest in such a workshop, and member preferences on workshop format.
- b. CoC Board election results

TX BoS CoC General Meeting

- i. This past election cycle, 9 seats were up for election: all odd-numbered seats plus seat 2. Mary introduced the new board members.
 - ii. Attendees welcomed new board members. Mary thanked everyone who voted and ran for office.
- c. Emergency Solutions Grant (ESG) Program
 - i. State ESG awards- TDHCA made final funding decisions at the end of November/beginning of December. ESG contract years are scheduled to start November 1. 9 projects were funded in the TX BoS CoC.
 - ii. There will not be an ESG program competition in 2018. Your next opportunity to apply for State ESG is Jan 2019.
 - iii. CAPER consultations- Consolidated Planning jurisdictions are required to consult with the CoC on certain things. We are also including the LHC in the consultation. If you are in need of a CoC consultation for your Consolidate Planning jurisdiction, reach out to Mary Rychlik at mary@thn.org.
- d. SSVF Letters of Support
 - i. The SSVF FY 2019 NOFA was released in November and is due in January. SSVF grantees are being required to request a letter of support from their CoCs. The deadline to apply for a SSVF Support Letter from the TX BoS CoC was 12/11/2017. Letters were distributed to SSVF applicants on 12/12/17.
- e. HMIS invoices have been sent, payments due December 15th
 - i. If you do not pay by 1/15/18, or have not made a payment arrangement by 1/15/18, THN will close off HMIS access.
- f. THN offices closed December 21st through January 2nd

VI. Resources

- a. Sage help vs. HMIS help available for CoC and ESG recipients/subrecipients.
- b. LHC Toolkit released in January
 - i. This toolkit was presented at the conference in October and we collected feedback to improve it. Since then, we have been incorporating changes. The final draft will be available by the end of January.

VII. Q&A

VIII. Next Meeting – Wednesday, Jan. 10, 2018, 2:00 p.m., via webinar

Meeting adjourned at 3:56 PM

POLL

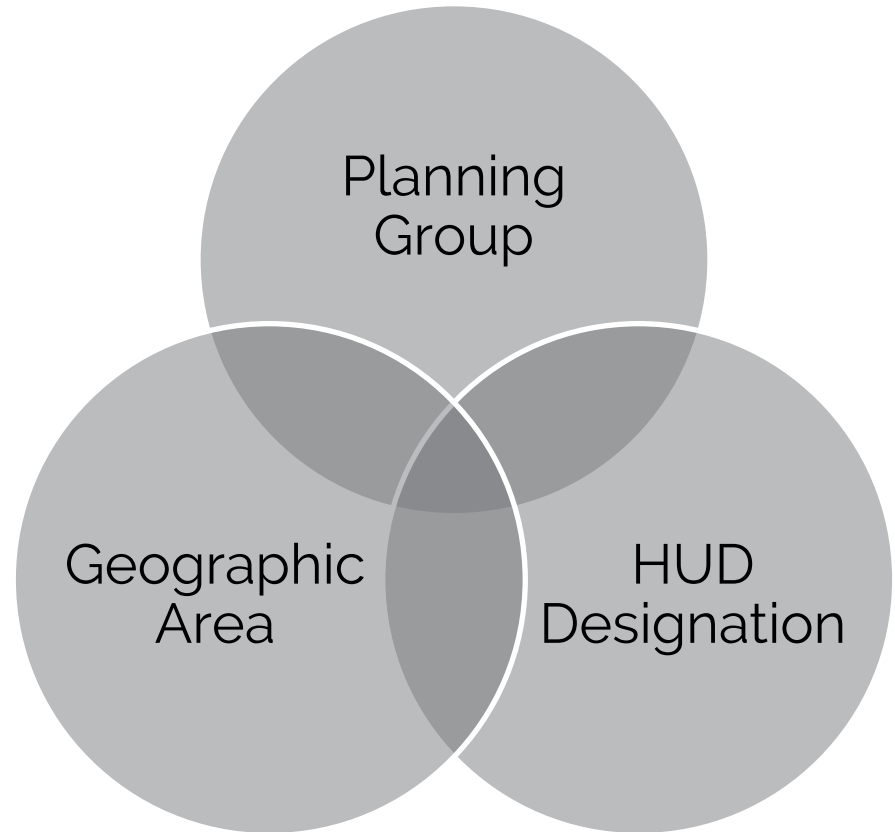

"I UNDERSTAND HOW I FIT IN TO THE TX BOS COC."

DISCUSS: WHAT IS A COC?

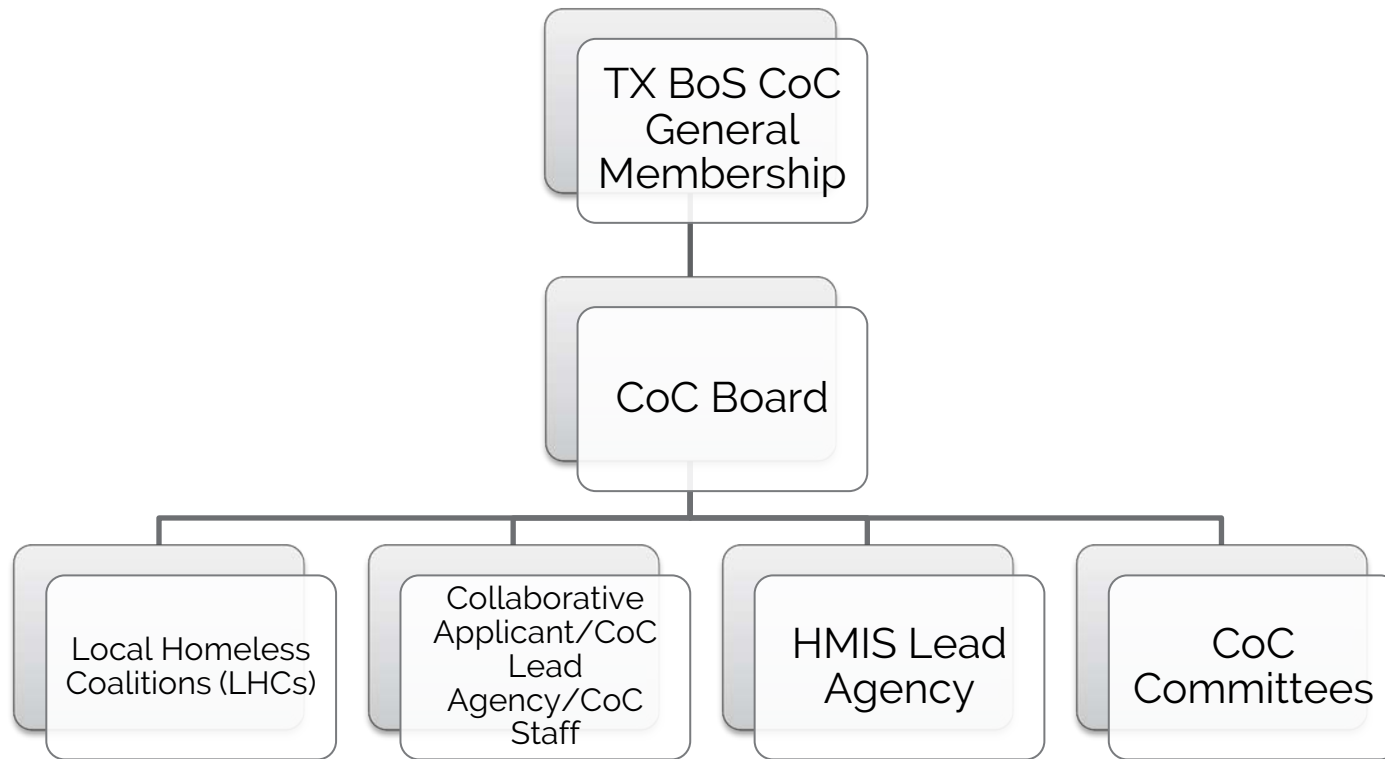

AT ITS CORE, A COC IS...

- A group of people that meet together to plan to address and end homelessness;
- The geographic area the group plans for; and
- A HUD designation that breaks up the nation into more manageably-sized planning groups

WHAT THE PLANNING GROUP LOOKS LIKE:

THAT'S NICE, BUT HOW DO I FIT IN?

If the CoC was a city...

City Structure	CoC Structure
Mayor/City Council	TX BoS CoC Board
City Government	Collaborative Applicant/CoC Lead Agency/CoC Staff/HMIS Lead Agency (Texas Homeless Network/THN)
Neighborhood Associations	Local Homeless Coalitions
City Government Departments	Federally-Funded Projects
Private Businesses	Non-Federally-Funded Projects
All Citizens in the City Limits	CoC General Membership

City Structure	CoC Structure	Put a star in the row for each CoC group you represent
Mayor/City Council	TX BoS CoC Board	
City Government	Collaborative Applicant/CoC Lead Agency/CoC Staff/HMIS Lead Agency (Texas Homeless Network/THN)	
Neighborhood Associations	Local Homeless Coalitions	
City Government Departments	Federally-Funded Projects	
Private Businesses	Non-Federally-Funded Projects	
All Citizens in the City Limits	CoC General Membership

SUSTAINING GOAL

**Built for Zero communities use the Built for Zero standard for ending veteran homelessness, a single measure that provides a higher, more measurable bar than the federal criteria and benchmarks. We eagerly support communities in meeting the criteria and benchmarks on their way to the BfZ standard.*

Charlotte, NC - Reducing Chronic Homelessness

Bergen County, NJ - Ended Chronic Homelessness

Data + Performance Management Infrastructure

Your community will receive and learn to use a custom data and performance management infrastructure to design and articulate your strategy, run tests of change and drive measurable progress to zero using your by-name list.

Our data team will work with your local data leads to make the best and easiest use of this infrastructure, which is designed for learning and improvement, not judgment!

Your Goal: Graduate through the Cohorts

Collaborative Timeline 2018

In-Person Learning Sessions

Join communities every four months for an in-person peer learning session. Each consecutive in-person session will build on the content and learning from previous sessions. Your community will:

- Share a summary of your work with other participants
- Train on Quality Improvement and rapid cycle testing strategies
- Consult experts from federal agencies and partner organizations to bring home expert guidance
- Build an action plan focused on testing specific change ideas throughout the following Action Cycle

Action Cycles

Your team will focus on implementation and accelerating toward your goals between each Learning Session. You'll leverage a curated menu of virtual opportunities to support your work:

- **Virtual, cohort-based coaching** with peer communities and a dedicated Improvement Advisor
- **Group innovation calls** spotlighting key bright spots from participating communities— maybe even yours!
- **Virtual training opportunities** to learn advanced data and quality improvement strategies
- **Support sessions with expert brain trust** to bust myths, explain government rules and clear away obstacles

Interested?

- Apply through THN

DATE	
12/13/2017	TX BoS CoC Learning Collaborative Application available
1/9/2018	TX BoS CoC Learning Collaborative Applications due to THN
1/12/2018	Community Selection Announcement by THN
End of January	Community Solutions' Announcement of CoCs selected to participate in Built for Zero

Community Requirements

- Must have an active, recognized Local Homeless Coalition
- Must designate personnel to manage a By-Name List
- Must designate personnel to serve as a community leader
- Must be able to cover own travel costs to all 4 Learning Sessions
- Must demonstrate community commitment to working together to end Chronic and Veteran homelessness

HOUSING WORKSHOPS

Engaged and Informed:

Keys to Successful Landlord Engagement and Eviction
Prevention in Rural Communities

Coordinated Entry:

Best Practices to Plan and Implement
a Rural Coordinated Entry System

Housing-based Case Management:

Prioritizing Affordable Housing Provision for Clients

Through the **Rural Supportive Housing Initiative**, Collaborative Solutions is pleased to provide three training opportunities designed to address landlord engagement and eviction prevention strategies that help vulnerable clients find and keep safe, stable, and affordable homes in your rural area.

Engaged and Informed: Keys to Successful Landlord Engagement and Eviction Prevention in Rural Communities

Market rate units are getting harder to secure for vulnerable clients. This workshop will be tailored to service providers, advocates, and housing locators who are interacting with landlords, both making the sell and sustaining units when relationships are challenged. Participants will practice interactions with landlords, including presentations to landlord groups, to ensure messaging is strong, engrained in the pitch, and framed effectively to get landlords to say yes and house your clients.

Coordinated Entry: Best Practices to Plan and Implement a Rural Coordinated Entry System

The federal government has set January 2018 as the date to have a coordinated entry system (CES) in place. Many rural communities are struggling with how to plan and implement a CES across a wide geographic area with few service providers. This workshop will guide communities through the initial design and planning for a CES, and offer recommendations on best practices from other rural communities. Through this workshop communities will produce a CES checklist of next steps.

Housing-based Case Management: Prioritizing Affordable Housing Provision for Clients

Many service providers have been trained to provide clinical, medically-focused supportive services for clients. It is our belief that housing is the foundation for stability and providers must be trained to understand and prioritize the affordable housing needs of clients to better help them achieve housing stability. This workshop provides essential tools and training to teach providers how to prioritize housing and includes key concepts such as low barrier program design, landlord engagement, and eviction prevention.

We want to work with communities that are interested in hosting these Housing Workshops. Please **join us** as we collaborate to increase housing stability and reduce homelessness for vulnerable communities.

For more information please contact Gina Lewis gina@collaborative-solutions.net 803-984-4070

2017-18 Texas Balance of State Continuum of Care (TX BoS CoC) Board

Seat #	Seat Designation	Term	Member	Counties Represented	Affiliation
