

TX BoS CoC PSH Eligibility Documentation Tool

Complete Eligibility Packets should include:

- The appropriate completed forms with all signatures
 - Chronic Homelessness Verification
 - Third-Party Homelessness Verification
 - Self-Certification of Homelessness, if third-party verification cannot be obtained
 - Documentation of Due Diligence, whenever Self-Certification of Homelessness is being utilized
- All supporting documentation establishing homelessness (EX: HMIS records) and disabling condition (EX: SSI/SSDI check)
- Copies of the current state issues ID or driver's license and/or Social Security Card, if possible. Lack of Identification must not be used as a basis for denial from PSH projects funded by the CoC Program.

Instructions for use of This Documentation Tool

Chronic Homeless Verification (p3) (Required)

All households enrolled into a CoC Program-funded PSH Project in the Texas Balance of State Continuum of Care are required to be Chronically Homeless.

- [Chronic Homeless Definition \(1D2 p5\)](#)
- [Chronic Homelessness Flowchart](#)

Chronic homelessness can be challenging to document. This tool is helpful for documenting long periods of homelessness and identifying the required number of episodes to be considered chronically homeless: [Checklist for Documenting Chronic Homelessness](#)

- Each applicant file must contain the Chronic Homelessness Verification.
- Each part must have at least one checkbox selected. In Part 3, multiple disabilities may be selected.
- Users will need to attach additional supporting documentation such as HMIS Records, Third Party Homeless Verifications, or Intake Worker Observations.

Third-Party Homelessness Verification (p4)

The following is HUD's order of preference for homelessness verification: (1) Third-Party Verification, (2) Intake Worker Observation (When intake workers *are not* considered third-parties [CoC FAQ 2758](#)), and (3) Applicant Self-Certification. Only 25% of households enrolled in the project year can have more than 3 months of self-certification. HUD expects every effort is made to obtain third-party verification of homelessness. Examples of third-party verification include:

- An individual record of a stay in an emergency shelter, a safe haven, or from a street outreach contact from an HMIS, or comparable database used by victim service or legal service providers [CoC FAQ 2757](#);
 - A written observation by an outreach or intake worker of encounters with the individual or head of household that includes a description of the conditions where the individual or head of household was living or is currently living;
 - A written observation by a community member that has observed where the individual or head of household was living or is currently living [CoC FAQ 2759](#); and
 - A written referral by another housing or service provider [CoC FAQ 2760](#).
- It is the sole obligation of the intake worker, to determine if a third-party is reliable. CoC [FAQ 2756](#) & CoC FAQ 2759
 - Intake Worker Observation must be on Agency Letterhead and clearly articulate to the best of their knowledge and based on their professional judgment, that the individual or head of household was residing in a place not meant for human habitation, in an emergency shelter, at the time of intake.
 - Users should document at minimum one night for each month verified, e.g., an encounter on May 5, 2015, counts for May 1—May

31, 2015, unless there is evidence that there have been at least 7 consecutive nights not living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter during that month, e.g., evidence in HMIS of a stay in transitional housing.

- Users may need multiple Third-Party Verification of Homelessness Forms to establish Chronic Homelessness [CoC FAQ 2755](#).
- See [CoC FAQ 2762](#) for guidance on the third-party recordkeeping requirements for participants exiting institutions.

Self-Certification of Homelessness (p5)

As a last resort to establish eligibility after all efforts to collect third-party verifications have been exhausted, HUD allows households to provide written statements that are signed and dated in lieu of third-party verification. Beginning January 15, 2016, only 25% of participants enrolled in the Project year can have more than 3 months of self-certification, i.e., all participants can self-certify 3 months or less. Participants enrolled in the Project less than six months do not count towards the 25%. If an Applicant is self-certifying for the entire, required 12 months, the self-certification must be accompanied by a written statement from the intake worker detailing the severity of the applicant's situation. A statement on agency letterhead will satisfy this requirement.

- Self-certifications should be completed by the applicant. If that presents an undue burden, intake staff may assist with completion, using the applicant's own words.
- All Self-Certification of Homelessness Forms must be signed by the applicant and intake staff as a witness.

Documentation of Due Diligence (p6) (Required, if Self-Certification of Homelessness is utilized)

On this form, Intake Workers will describe efforts to obtain third-party verification, including the outcome of the efforts and obstacles. For example:

On the above date and times, I reached out to X Emergency Shelter in Houston, TX, to obtain HMIS records for Mr. Smith, HMIS ID 123456. I contacted the HMIS Agency Admin and have not received any return contact. Per Agency Policy, TBRRH is moving forward with a self-certification of Homelessness. Should X return contact, this form will be updated.

- Users should document **all** efforts to collect third-party verification, the Applicant's current living situation, and why the attempts to collect third-party documentation were unsuccessful.
- Self-Certification of Homelessness Forms must **always** be accompanied by the [Documentation of Due Diligence](#) (p46).

Disability Verification for Permanent Supportive Housing Programs (p7)

CoC funded PSH Projects are required to verify disability. The Disability Verification for Permanent Supportive Housing Programs should be completed when verifying an applicant's Chronic Homeless status. This form is based on the status of the Head of Household.

- Disability Verifications must be completed by a clinician (MD/Psychiatrist/LCSW/Etc...) licensed to diagnose and treat (In the State of Texas) the condition they are verifying.
- If an applicant is receiving SSI/SSDI a benefit statement or a copy of a disability check will satisfy the recordkeeping requirements for Disability Verification. THN recommends that Benefit Letters used to verify disability are not more than 12 months old.
- In order for the Disability Verification for Permanent Supportive Housing Programs to meet the minimum criteria, each subpart, (a)(b)(c) must be answered affirmatively.

Third-Party Homelessness Verification

Applicant Name: _____ Date Completed: _____

This form must be used with all third-party methods of verifying homelessness.

Examples of third-party verifiers include business owner, past case manager, fellow homeless individual, service provider, or anyone who has personally witnessed the Applicant’s homelessness. It is the sole obligation of the intake worker and accepting project to determine if a third-party source is reliable. See HUD FAQ 2756 & 2759 for more details.

This Applicant has applied to receive the services of a HUD Continuum of Care (CoC) Program serving Chronic Homeless persons. To qualify, the homeless person must be determined to be Chronically Homeless as defined by the U.S. Department of Housing and Urban Development. This information will be used for the purpose of determining the homeless status of the above-named homeless person.
