Introduction and Background

The FY 2018 Continuum of Care (CoC) Program Notice of Funding Availability (NOFA) was released on Wednesday, June 20, 2018. New Projects and Expansion Projects may be funded through the Bonus, the DV Bonus, or the Texas Balance of State CoC’s (TX BoS CoC’s) Reallocation process. The NOFA has made $2,284,471 in CoC Program Bonus funds and $3,807,452 of Domestic Violence (DV) Bonus funds available to projects in the TX BoS CoC. The amount of funding available through reallocation has yet to be determined.

This document outlines the application and evaluation process for FY 2018 New or Expansion Projects under the Bonus, DV Bonus, and Reallocation funding in the TX BoS CoC’s Local Application Process. CoCs may submit more than one application for New or Expansion projects through the Bonus, DV Bonus, or reallocation process.

Eligible project applicants for New Projects funded by the CoC Program include nonprofit organizations, states, local governments, and instrumentalities of state and local governments, and Public Housing Agencies. Eligible project applicants for Expansion Projects are existing eligible non-CoC Program-funded projects and eligible CoC Program-funded renewal projects, i.e., current CoC Program-funded projects that are currently in operation and have an executed grant agreement that is dated no later than December 31, 2017 and expires in calendar year 2018. Under the DV Bonus, Renewal Project applicants may apply for Expansion funding for projects that are not already funded by the CoC Program, in order to dedicate additional units, beds, persons served, or services provided to existing program participants to the DV Bonus population. However, Renewal applicants that have projects that have been placed on a Performance Improvement Plan (PIP), Corrective Action Plan (CAP), or have been identified as an “at-risk” project by HUD and the TX BoS CoC and are receiving technical assistance from HUD through CSH, may not apply for a New or Expansion Project through the Bonus, DV Bonus, or Reallocation funds.

At this time, the TX BoS CoC is limiting all projects to a one-year grant term, except new PH-PSH Bonus projects requesting new construction, acquisition, or rehabilitation.
For assistance with applications in e-snaps, the U.S. Department of Housing and Urban Development’s (HUD’s) online application portal, applicants may access the following HUD guidance documents:

New Project applicants may find it helpful to reference the FY 2017 TX BoS CoC New/Expansion Project Application scoresheet to identify priority scoring areas. The FY 2017 New Project scoresheet may be found in Appendix C of the following document: https://www.thn.org/wp-content/uploads/2017/05/2017-TX-BoS-CoC-Review-Score-and-Ranking-FINAL.pdf.

Applicants are advised to begin working on the project application as soon as possible. The TX BoS CoC encourages Renewal applicants considering a New or Expansion Project to focus on the Renewal application first. Application packets are due to the TX BoS CoC by Friday, July 27, 2018 at 5:00 PM. Please contact TX BoS CoC staff at TXBoSCoC@thn.org with any questions.

DISCLAIMER: At the time this guide was released, HUD had not made available any instructional guides or detailed instructions for the FY 2018 CoC Program competition. This application guide is subject to change based on the release of these documents from HUD. Applicants will be advised of any application guide revisions via the TX BoS CoC e-mail list.
Application Guidance

- Prior to beginning work on a project application in e-snaps, project applicants must update their applicant profile, including the HUD-2880.
- HUD strongly recommends that applicant organizations provide at least 2 points of contact so that multiple contacts are available to answer questions.
- Project applicants applying for new expansion projects should use at least a portion of the renewal project name when naming the new expansion project and add the word “Expansion” at the end of the name.

Expansion Projects

Eligible renewal project applicants and existing non-CoC Program-funded projects may apply for a project expansion through the Permanent Housing Bonus, DV Bonus, or Reallocation.

Expansion is the process by which a renewal project applicant submits a new project application to expand its current operations by adding units, beds, persons served, services provided to existing program participants. There are two types of expansion:

1. Expanding CoC Program Projects. Expansion in which a project applicant submits a new project application to expand the current operations of an eligible renewal project for which it is the recipient by adding additional CoC Program funds. Under this type of expansion, for the new expansion project to be selected for conditional award the renewal project application must also be selected for conditional award.

2. Expanding a non-CoC Program funded project. Expansion in which a project applicant submits a new project application that requests CoC Program funds to add to a current homeless project that is funded from sources other than CoC Program funds. However, as stated in Section 426 of the HEARTH Act, project applicants are prohibited from using CoC Program funds to replace state and local funds.

Expansion grants can only expand projects that share the same component. Therefore, applicants are prohibited from applying for project expansion grants to create a new Joint TH and PH-RRH component project. This means, for example, that an applicant that has an existing project may not apply for TH funds to expand an existing PH-RRH project with the intention of creating a new Joint TH and PH-RRH component project.

On the Expansion Project Application, project applicants must indicate how the new project will expand units, beds, services, persons served. Project applicants should carefully consider the design of the Expansion project to ensure it meets all the conditions set forth in the McKinney-Vento Act, as amended, 24 CFR part 578, and the FY 2018 CoC Program Competition NOFA.
All Expansion projects must select “Permanent Housing Bonus” as a funding source in e-snaps, unless the applicant project is eligible for DV Bonus funding. Such eligible applicants should then select “DV Bonus” as a funding source. The CoC may ask the project applicant to change this response to “Reallocation,” based on available funding.

If both the Expansion project and the Renewal it expands are conditionally selected for funding, one grant agreement incorporating both project applications will be executed. If the Renewal project application is not conditionally selected for funding, the Expansion project application will not be selected.

Note regarding Expansion Projects through the DV Bonus:

A renewal project applicant may expand an existing renewal project that is not dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that meet the definition of homeless in paragraph (4) of 24 CFR 578.3 to dedicate additional units, beds, persons served, or services provided to existing program participants to this population.

The CoC may only submit one expansion application under the DV Bonus funds. Therefore the CoC shall only submit the highest ranked expansion project in its Consolidated Application.

**Evaluation Process for New/Expansion Project**

The CoC Board will review and release the Review, Score, Ranking Policies and Re-Allocation Process for 2018 prior to the evaluation of FY 2018 project applications. The purpose of the evaluation process is to help the TX BoS CoC fully maximize CoC Program funds and make decisions related to scoring, ranking, and funding cuts, if needed. The process will be distributed to applicants via the TX BoS CoC FY 2018 Applicant email list, which will be created after the 2018 TX BoS CoC Program Competition Webinar on 7/9/2018.

After the New/Expansion Project Applications are submitted to the TX BoS CoC, staff will review the applications to determine if they meet threshold requirements with clear and convincing evidence. If the applications meet the threshold requirements, the applications will be forwarded to the TX BoS CoC Independent Review Team (IRT) for scoring.

The TX BoS CoC IRT will complete a New/Expansion Project Score Sheet for each CoC Program New/Expansion Project application. After receiving all the New/Expansion Project Score Sheets, the TX BoS CoC Board will rank all renewal projects according to
their total score, project type, and other criteria detailed in the Review, Score, Ranking Procedures and Re-Allocation Process.

**New Project Application Packet**
The New Project Application Packet consists of the following items:

- Applicant Profile

- Project Application
  - The Project Description will be closely reviewed. The project description should be a complete and concise narrative that addresses the entire scope of the project, including a clear picture of the community/target population(s) to be served, the plan for addressing the identified needs/issues of the community/target population(s), projected outcome(s), and any coordination with other source(s)/partner(s). Please use the guidance below to ensure response completeness. The description must identify:
    - Demonstrated community needs
    - The target population(s) to be served, including the number of single adults and the number of households with children to be served when the project is at full capacity
    - The project’s plan for addressing identified housing and supportive service needs
    - Proposed project outcomes
    - Coordination with other sources or partners
    - The reason CoC Program funding support is required

- Most recent HUD audit/monitoring results
  - If the applicant agency has received a HUD monitoring visit for any HUD CPD grant program within the 12 months prior to project application, please provide the final monitoring report from HUD.
  - If findings are currently being resolved, please provide an explanation on agency letterhead of what efforts are currently underway.

- 2018 CoC project match
  - Match letters must be dated between May 1, 2018 and September 18, 2018.
  - Program income can be counted as match. Project applicants that intend to use program income as match must provide an estimate of how much program income will be used for match.
  - If applications include third-party in-kind match, a Memorandum of Understanding (MOU) that confirms the in-kind match commitment must be attached in the Project Application in e-snaps and submitted as part of the Project Application Packet to the TX BoS CoC.
A recipient or subrecipient may use a letter from the partner agency to document the commitment to provide the in-kind service in advance of executing a formal MOU, for instance, if the recipient/subrecipient opts to wait to execute an MOU upon receipt of notification of award from HUD. However, a formal MOU with the partner agency will be required before grant execution, if awarded. The best practice is to secure the MOU before submitting an application.

- Certification of Consistency with the Consolidated Plan
- Housing First Questionnaire
- CoC Expectations Form

Overview
Housing First is an approach that prioritizes rapid placement and stabilization in permanent housing and does not have service participation requirements or preconditions. Review Section III.c.3.l and Section II.A.4 of the FY 2018 Continuum of Care (CoC) Program Notification of Funding Availability (NOFA) and the Housing First PSH brief at [https://www.hudexchange.info/resource/3892/housing-first-in-permanent-supportive-housing-brief/](https://www.hudexchange.info/resource/3892/housing-first-in-permanent-supportive-housing-brief/) for more information.

Housing First projects share essential elements:
- A focus on helping individuals and families access and sustain permanent housing as quickly as possible without time limits.
- A variety of services delivered to promote housing stability and individual well-being on an as-needed basis, and client participation in these services is voluntary.
- A standard lease agreement, i.e., housing is not contingent on engagement with services.
- A focus on reducing barriers to project entry, i.e., not screening potential project participants out for having too little or no income; an active, or history of, substance use or a substance use disorder; no employment; a criminal record (with exceptions for state-mandated restrictions); or a history of domestic violence, including the lack of a protective order or law enforcement involvement.
- Not terminating project participants from the project for the following reasons: not participating in supportive services; not making progress on a service plan; loss of income or not increasing income; being a survivor of domestic violence; not paying rent on time; and/or for needing to move to a new apartment.

*The Housing First Questionnaire to be submitted in the Application Packet may be found on the following page.*
