

# 2021 PIT Count Results (FAQ)

## Q: Why is the PIT number so different from last year?

In an effort to promote safety during the global pandemic, the Continuum of Care board voted to cancel the 2021 Unsheltered count. Some communities opted to conduct an observation count of those experiencing unsheltered homelessness; however, this data is not as accurate as doing the full unsheltered count. It is also important to consider that while the sheltered count occurred as normal, the surveys were shortened in order to limit the amount of time required for face to face interaction.

## Q: What is an observation count?

The observation count can also be referred to as a head count. This count only asked questions related to age, location, reason the volunteer felt like the person was experiencing homelessness, and observable unique characteristics that might help to ensure the person was not counted twice during the PIT date.

## Q: What should we do with this data since it is not as accurate?

The sheltered data should be accurate, although many shelters saw a decrease in their capacity and occupancy specifically because of the global pandemic. The observation count, if your community participated, should be used sparingly and in conjunction with other more comprehensive data sets like your 2020 Unsheltered Count data, HMIS homelessness outreach data, school district homeless data, etc.

## Q: Do you have any recommendations on how to present this data?

If you are going to present this data, I would recommend that you include a clear description of the difference between a "normal count year" and the 2021 count. This can include the instructional materials that were created as well as narrative from the PIT leads/ volunteers about how the count planning shifted. As stated above, whenever possible, please try to use previous count data or other homeless data sets. You can find the last five years of PIT count data as well as 2021 instructional guides on the [THN website \(hyperlinked\)](#).

## Q: What additional assistance can THN provide?

If your community is interested in having an infographic created, please contact Kyra Henderson at [kyra@thn.org](mailto:kyra@thn.org) with your request. Additionally, if you would like assistance writing a press release or talking to the media, you can contact Kyra for quotes, talking points around your data set, or templates based on your needs. Please, if possible, allow at least 48 hours when making these requests and be specific with your requirements.
